

SERIOUS TRAINING, AMAZING COACHES, AN AWESOME EXPERIENCE

Be a part of the Flip Fest Fall Adventure Camp, hosted at Lake Frances, home of Flip Fest Summer Camp.

If you want to be a part of one of the greatest gymnastics clinics on earth, then you need to check out the Flip Fest Fall Adventure Camp. The camp brings in some of the country's top national clinicians and nationally certified judges to work with the gymnasts and coaches on each event with the goal of helping prepare them for the upcoming competitive season, as well as facilitating the exchange of coaching tips, rules changes and techniques.

SESSION

October 28-30

Gymnasts and coaches will arrive Friday and train through Sunday afternoon. During that time they will have the opportunity to perform new skills, sequences or even full routines for the clinicians and judges to evaluate and provide feedback. This is a great way to start your season in a positive direction, with coaching and judging input from some of the top experts in our sport.

FOR COACHES

Every gymnast is required to have at least one of their personal coaches attend camp with them. Each gym will be able to bring one free coach for every eight gymnasts from their club. Additional coaching spots are available for just \$50. All housing, meals and activities are included. Personal coaches of the attending gymnasts will coach their kids on each event right alongside the clinicians and judges on each event. There will also be numerous clinics conducted by our guest clinicians and judges throughout the weekend.

If a team brings 8 or less gymnasts, they may be required to share a cabin with another team.
